

## What Is CLUB READ?

Club Read is a program designed to help foster the love of reading in your students. Every quarter, on our [webpage](#) and in our weekly Perma-Gram, we'll feature a new Club Read suggested booklist for K-12 students (chosen by our in-house curriculum specialists) based on a compelling theme that is relevant to your students' lives. Club Read titles are chosen with the aim to promote interest in reading and inspire recreational reading, as well as to help boost reading ability. They present opportunities for classroom study on thematic topics, classroom discussion, and differentiated instruction.

## **CLUB READ: *It's Like A Movie In Your Head!***

A great way to get your students interested in reading and facilitate classroom discussion is to find a book that has made the big screen.

Most students love to watch movies, and this exercise gives you an opportunity to have them read the book in class and then watch the film version. Your classroom discussion will then help enhance critical thinking skills, including compare/contrast, by noting the similarities and differences that appear in print versus on-screen.

Another option is to analyze the language in both versions--i.e., how words are used. For instance, students may find it easier to understand certain parts of the story by observing in the film how the words were conveyed, including the tone of voice and body language of the speaker.

Help your students enjoy "matinee time" by reading the book, then watching the movie. Perma-Bound's collection development specialists have compiled the following book lists featuring "books to movies" your students will love.
